E. Crosby & Co. are instailing in their elevator near the Bridge street railroad crossing a complete outfit for grinding corn, provender, oats and other cereals. The contract for the machinery has been awarded to the Lane company of Exeter. N. H., and the equipment will be the most modern and up-to-date in New England. At the present time the power in the Crosby plant is furnished by five electric motors. The number will be increased soon to 12 to give sufficient power for the mill. The mechanics will consist of the mill. The machinery will consist of a large roller mill for making the highest grade of meal, a disc mill, corn cracker and custom mill for the benefit of the farmers. This, together with the neces-sary cleaning apparatus, etc., will make a fine plant of 50 tons capacity in 24 hours. In addition to furnishing grain locally the mill will be used largely for milling in transit. It will be ready to operate about Nov. 15 and will be in charge of Frank W. Pettee, who has had experience in the business. Since the old Valley Mill was burned, which stood just north of Bridge street on the west side of the railroad track, there has been no place in the east village where farmers could get their grists ground, and they will appreciate the new arrangement made by E. Crosby & Co. Health Officer Henry Tucker has re-

ceived a letter from Dr. Henry D. Holton. secretary and executive officer of the state board of health, in which the danger of injury to the public health by burning leaves and other rubbish in streets is set forth. The letter is as follows: "Your attention is hereby called to the fact that leaves and similar refuse are being burned in the streets and yards of the village filling the air with smoke, which not only is a nuisance but by reason of the irritation it produces in the nose, throat and lungs is injurious to the public health. Therefore, we recommend that you take steps to prevent the continuance of this nulsance." Dr. Tucker has posted notices in several parts of the town call-ing attention to the fact that the burning of leaves is contrary to the rules of the board of health, and since Monday a marked decrease has been noted by him in the number of fires in the streets and yards. On Sunday many took advantage of the time from work and in many parts of the town the smoke bung heavy in the Although the board of health does not threaten to take any radical steps in abating the pulsance it is well for residents to remember that they are breaking an ordinance of the board when they burn leaves. A breezy western sermon and one that was greatly enjoyed by the congregation was preached in the Congregational church Sunday morning by Rev. H. S. Fritsch of Billings, Mont., who came rom Boston, where he was attending the national Congregational council, to supply for Rev. Roy M. Houghton, who was also at the council meetings. His theme was, "The art of not coming fils theme was, "The art of not coming down." suggested by the third verse of the sixth chapter of the autobiography of Nehemlah. "And I sent messengers unto them saying, I am doing a great work so that I cannot some down. Why should the work case, whilst I leave it, and come down to you?" The group had ome down to you?" The enemy had arned that Nebemiah had built a wal tround Jerusalem, except hanging the nim to leave the work and counsel with them in the plain of Ono, their plot being to do him mischief. The scripture story, neluding Nehemiah's answer, made a fine setting for a sermon and Mr. Pritsch drew some intensely practical lessons from it, emphasizing the fact that the call to "come down" comes as a temptation to all who are engaged in good works,

The wound was dressed and Mr. Davis went home. On Monday it was ascertained that the sight was not injured. Mr. Davis returned to work this morning. this morning.

Three Straight for Athletics.

Three Straight for Athletics,

The Athletics made the record three straight against the Chicago Cubs at Chicago yesterday in the world's series. The club that first wins four games takes the championship. Yesterday the score was 12 to 5. Reulbach and McIntyre were batted heavily and Pflester finished the game for Chicago. Coombs was in the box for the Athletics.

In the first game at Philadelphia Monday the Athletics won 4-1. Bender, the big Indian who pitched for the Philadelphians, was invincible, only three hits being made off his delivery. Overall, who started to pitch for Chicago, was knocked out of the box. Baker of the Athletics was a star in batting with two doubles and a single. In the game Tuesday at Philadelphia Coombs for the Athletics was very wild in his pitching, giving nine bases on balls. The Athletics pounded Brown the bases on balls. The Athletics pounded Brown, the three-fingered wonder, out of the box, however, and won early. Col-lins won plaudits by his wonderful work at bat, in the field and on the bases.

sang 15 numbers, every one a gem. He
appeared to best advantage in the heavier
selections like "God My Father." from selections like "God My Father," from "Seven last words of Christ," and the prologue of "! Pagllacci," his great power, perfect intonation and majestic handling of the themes revealing a high ar-tistic temperament. His selections were rendered with great expressiveness and in the runs of Handel's "Honour and Arms" he displayed rare technical ability. Mr. Holbrook was heard in eight numbers and his hearers were much impressed with his fine execution. The beauty of the many themes was brought out with exquisite taste and judgment.

A bill will be introduced in the legislature soon providing for care and education of defective children in connection with the work of the Austine Institution of Brattleboro, leaving the amount of the appropriation for the committee to determine. The bill provides that the appropriation shall be conditional upon the agreement of this institution to "bind itself by a contract to the satisface." itself by a contract to the satisfaction of the governor that it will at all times re-ceive, take, instruct and care for, at ac-tual cost, all such deaf and dumb chil-dren as the governor may designate un-der chapter 169 of the Public Statutes, to be received by said corporation. The der chapter 169 of the Public Statutes, to be received by said corporation." The law is amended so that this institution may receive the deaf and dumb bene-ficiaries of the state and shall be subject to inspection by the board of visitors to state institutions. The bill is to take effect from its passage. The state at present spends \$20,000 a year for the care and education of 23 or 24 deaf, dumb and billing children in institutions without the blind children in institutions without the state and is able to care for only a portion of these needy little wards. If the state gives aid it is claimed that this institution can care for 50 cccs. stitution can care for 50 persons.
